

Milano, 10 gennaio 2023

Open lectures: **“How to avoid EQE traps in paper C and in paper D”**

Friday 10 february 2023 from 10.00 to 17.45

The University Politecnico di Milano would like to invite you to an open lecture given by Dr. Stéphane Speich, National and European Patent Attorney, on the following topics:

- **How to avoid EQE traps in paper C - Friday, 10 february 2023 h.10:00 -13:15**
- **How to avoid EQE traps in paper D - Friday, 10 february 2023 h.14:15 -17:45**

Both lectures will be held in presence at the Department of Energy (via Lambruschini 4, Milan) and **online** via **Microsoft Teams**.

Lecturer: **Dott. Stéphane Speich**

Program

How to avoid EQE traps in paper C, time: 10:00 -13:15

Dr. Speich's lesson aims to focus attention on those points that may be most problematic in EQE, teaching how to avoid some of the typical mistakes that can be made during preparation to the exam and during the exam.

Paper C is the most difficult paper in the EQE according to the statistics. We hope that this course will help you to try to achieve a pass mark in paper C.

How to avoid EQE traps in paper D, time: 14:15 -17:30

The EQE may be tough also for those candidates who have brilliantly graduated from the University, and are capable of doing the work of patent attorney.

Passing the exam requires not only a theoretical preparation on the EPC, but also a specific training to the exam.

The lecture of Stéphane Speich aims at focussing the attention on those points which at the EQE may be most problematic, teaching how to avoid some of the typical mistakes which can be done during your preparation before the exam and at the exam.

30% of the candidates taking the EQE end up with marks comprised between 35 and 45 marks, including many who are well prepared. The problem for the well prepared people is a lack of methodology, they should:

- Develop and test their reading and writing speed
- Test how to find the information quickly

Politecnico di Milano
Dipartimento di Energia

Piazza Leonardo da Vinci 32
Sede operativa: Via Lambruschini 4

Codice Fiscale: 80057930150

This course will try to help the candidates to the EQE paper D to improve their pass rate (50 marks).

The lecture will be in English and intends to be particularly helpful to those intending to sit the EQE exam in March 2023.

The lesson is free of charge.

Agenda:

MORNING PAPER C
10.00 – 11.30: <ul style="list-style-type: none">• Introduction: paper C nowadays• Methodology for paper C• Claim interpretation• Novelty
11.30 – 11.45: break
11.45 – 13.15: <ul style="list-style-type: none">• Inventive step• Added subject-matter• Patentability• Priority
AFTERNOON PAPER D
14.30 – 16.00: <ul style="list-style-type: none">• Develop and test their reading and writing speed
16.00 – 16.15: break
16.15 – 17.45: <ul style="list-style-type: none">• Test how to find the information quickly

**The link to the Teams virtual room will be sent a few days before the date of the lesson.
For organisational reasons we ask you to register at the following link:**
